## CHILDREN'S WORKSHOPS (AGES 7 TO 11)

<b>FLEXAGON</b>	<b>June 28, 2008</b>	<b>10am - 12pm</b>	<b>\$25 (Athenæum Members) \$35 (Non-members)</b>
-----------------	----------------------	--------------------	---

A flexagon is a movable book that contracts and recedes. It is a book that springs to life when opened and has diverse potential for content. Come and learn about stencil designs, how to transfer them to your pages, and how to bind this intriguing structure.

<b>ACCORDION BOOK: POETRY &amp; ART</b>	<b>August 2, 2008</b>	<b>10am - 12pm</b>	<b>\$25 (Athenæum Members) \$35 (Non-members)</b>
---	-----------------------	--------------------	---

The Accordion book is an Eastern binding structure, which originated in China. Come and create two wonderful accordion books. The first will be a combination of your own poem, collage designs, and some pop-ups. The second book will incorporate haiku poems and stencil designs created by you.

## ADULT WORKSHOPS (AGES 12 TO ADULT)

<b>CAROUSEL BOOK</b>	<b>July 26, 2008</b>	<b>10am - 1pm</b>	<b>\$35 (Athenæum Members) \$45 (Non-members)</b>
----------------------	----------------------	-------------------	---

A carousel book is an ingenious work, containing three-dimensional panoramic scenes that are revealed in multilayered openings that recede into space. Its seductiveness comes as a result of its construction, a series of five scenes, which when taken together are a play in five acts. Viewed through windows or other intricate openings, they take the viewer into their world, beckoning with surprises of creative multidimensional visual experiences. When fully opened it creates a full 180 degrees stage, which from an aerial perspective can be seen as a complex star.

<b>TUNNEL BOOK</b>	<b>August 9, 2008</b>	<b>10am - 1pm</b>	<b>\$35 (Athenæum Members) \$45 (Non-members)</b>
--------------------	-----------------------	-------------------	---

A tunnel book is a wonderful structure that allows the viewer to look within and discover a hidden world, which evolves in accumulated layers. Originally derived from a "peep" show, it still feels that we are allowed to gaze within a personal space. The class will first make a sample to understand the movement of the structure and then begin to create one with your own personalized images.
